Broadway on Broadway…
A musical theatre workshop of Singing, Dancing, Acting, Set Design, Costume Design and Theatre Etiquette. Students can focus on their favorite part of musical theatre and will also be encouraged to explore other areas of theatre production.
The combination of our staff’s professional performance experience and child development skills creates a fun and nurturing environment for all ages. Broadway on Broadway is a perfect blend of voice and diction training, physical movement for the actor, and visual arts for set design. On the camp’s final day, students will present their creative work in progress for friends and family on the “Broadway” musical theatre main stage.

****COMING SUMMER 2011****
